

THE JUNIOR ACHIEVEMENT
**STOCK MARKET
 CHALLENGE**

MAY 2, 2017 • Students: 8am-1pm || Adults: 5pm-9pm

QUALCOMM HEADQUARTERS

5775 Morehouse Drive San Diego, CA 92121

HOW IT WORKS:

- Teams of 4 compete to grow their “mock” stock portfolio to the highest overall net worth.
- Teams are issued \$500,000 in mock stock to invest in 26 fictitious companies.
 - Each trading day lasts 80 seconds - 90 days of trading are condensed into one exciting evening.
 - Onsite traders with PDAs make buying and selling instantaneous. The trading is fast, furious & fun!
 - Periodic news releases and “hot tips” reflect fictitious world events and industry developments, causing stock prices to fluctuate.
- Participants must be on their toes, constantly reacting to the market’s ups and downs.

This is a brand new event for JA San Diego! Giant screens, frenzied traders, the latest in technology and 90 days of simulated trading condensed into 2 hours. The JA Stock Market Challenge is a live stock market simulation competition, featuring teams who compete to see who can grow their initial \$500,000 investment into the largest net worth “mock” stock portfolio.
